The Pedalin' Pig?

The pigs have been pedalin' long before their Banner Elk debut. Avid mountain bikers, Ethan Anderson and his crew coined the phrase for their own bikes years ago while taking on the mountains of Pisgah National Forest. Part homage to their loud and proud counterpart—the infamous Harley Hogs, the pigs prefer peaks over pavement. While the original “Wrecking Crew” dominated the dirt, the Pedalin' Pigs took to the trails, fully-loaded and decked for downhill. And after the descent, the recovery was almost as sweet as the ride. When Ethan began peddlin' BBQ in 2014, it was apparent the pigs would have a new mountain to call home. It's the perfect plate to pair with your next adventure. Pursue the pig. Beginners welcome.
